# SURPRISING GROTTO

The cave was first found in 1901 by French travelers and called Grotte Des Surprises (The Cave of Surprises) in a travel book established in 1938. Being one of the widest and most special caves in Halong Bay, Sung Sot Cave is located in the center of the Bay, inside Bo Hon Island. Despite having a small gate, the cave amazed visitors with its giant inner space, which probably explains the surprising name.

## VISITING LUON CAVE

Luon Cave is considered as one of the most ideal places in Halong Bay for kayaking. In addition to kayaking, rowing is another great option if you want to explore Luon Cave. Sitting on a bamboo boat rowed by a local, visitors can see a variety of plants such as ferns, cycads, Benjamin's fig trees, and many beautiful orchids. If are lucky, you can catch great photos with mischievous monkeys jiggling up and down around the cliffs. A truly natural place that which is hard to find in anywhere of the word.

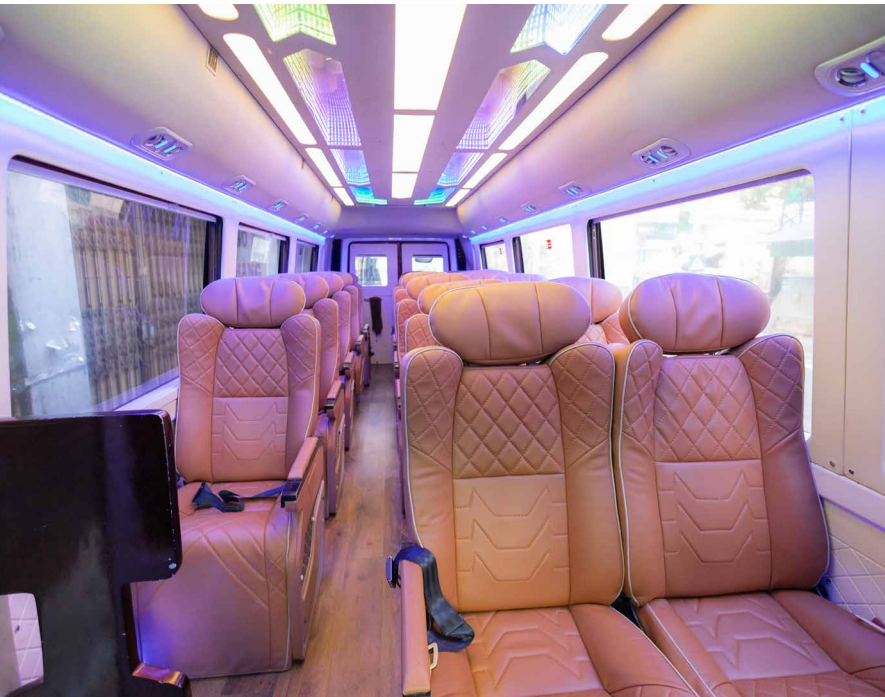

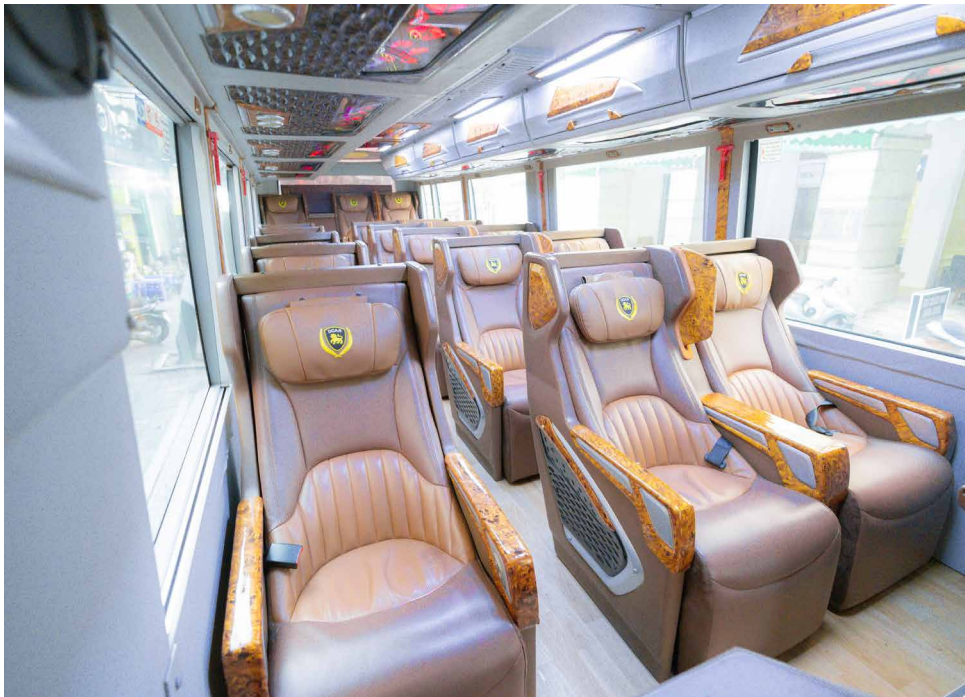

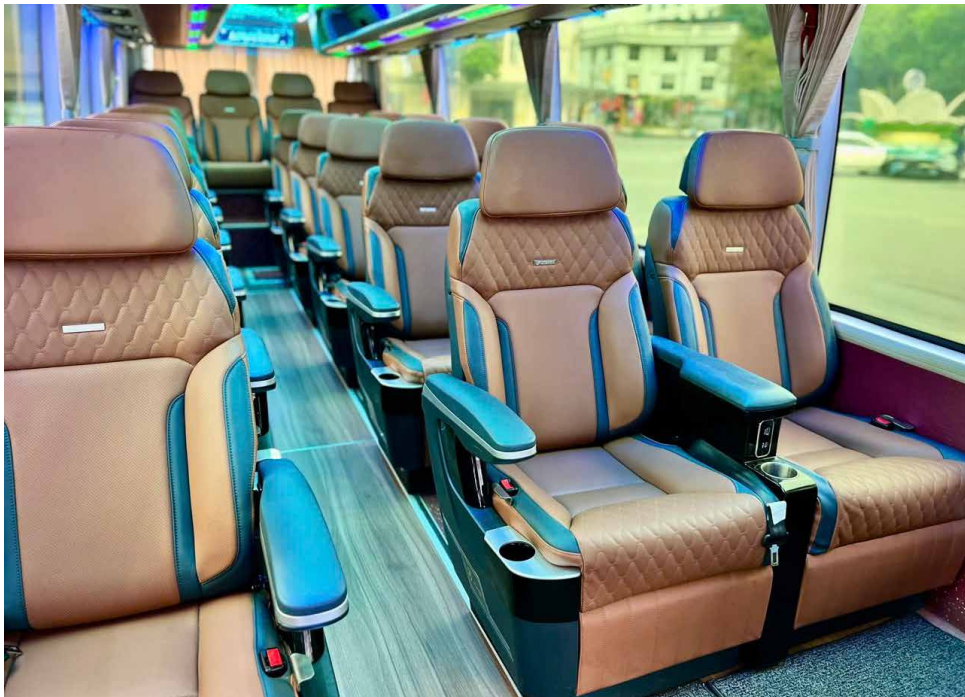

## TITOP ISLAND & BEACH

Located in the central of UNESCO World Heritage, Titov Island (also known as Titop) is approximately 7-8km to the southeast of Halong Bay. Along with Ba Trai Dao Island, TiTov Island is one of the most perfect destinations in Halong Bay for swimming and climbing.
